KOS SATELLITE SET

L006212

Patented Line Array Kos Satellite Set, 1000watt RMS, Linkable Class D amplifier, DSP Setup, Unique FIR filter technology, special waveguide technology 90°(H) X 12°(V,Single enclosure), Max output spl(1m) 128dB, 2*6.5" woofer, 2*1" CD for each speaker, ABS cabinet with 1.0mm steel Grill, LED power / signal / clip indicator, no pins Quick locked design.

TECHNICAL DETAILS

Technical Specifications

1x XLR Input.

1x XLR Link Output.

Power output: 1000 Watt RMS.

Volume control.

Power supply: 220/240 Volt AC, 50 Hz.

Class D + switching power design.

LED power / signal / clip indicator.

DSP setup.

2-way vented speaker design.

Frequency Response: 80/20 kHz.

Impedance: 4 Ohm.

Max. Output SPL (1m): 128 dB.

2x 6,5" Woofer, 2x 1" CD

Directivity: 90° (H) x 12° (V, single enclosure).

ABS Cabinet.

1 mm steel grill mesh.

Package: 30,5 x 44 x 55,5 cm, 1 set / 20 Kg.

Packing Details

Carton: 59x48x58 - 21kg
